1. Message from the Designated Person

June 22, 2011

Section 20A of the *Members and Public Employees Disclosure Act* (MPEDA) requires publication by June 30 of each year of annual disclosure statements of political contributions filed with the designated person under Part II of that Act. The reporting period for this report is the calendar year 2010. This report addresses political contributions made to recognized parties, electoral district associations and candidates made during the 2010 calendar year, as they have been disclosed to Elections Nova Scotia. This is the fourth year of reporting under Nova Scotia's political contributions regime enacted in 2007.

During this reporting period, three by-elections occurred (Glace Bay, Yarmouth and Cumberland South) giving rise to the requirement that candidates in those elections report political contributions and candidate campaign loans during the elections. Significant amendments were also made to MPEDA applicable to this reporting period restricting those eligible to make contributions to individuals resident in Nova Scotia and eliminating contributions by corporations, partnerships and trade unions, effective January 1, 2010.² These factors added a level of complexity to the management, disclosure, review and reporting under the political contributions regime.

This annual report also reflects the level of compliance (timeliness of filings and quality of reports filed) with MPEDA and its regulations by recognized parties, electoral district associations and candidates for the reporting year. Complete and timely disclosure and reporting of political contributions as prescribed by MPEDA and the *Political Contributions Regulations*³ are intended to provide transparency respecting the financial activities of recognized parties, electoral district associations and candidates. Timeliness of filing in a number of cases continues to be problematic; the quality of reports filed is improving but considerable interaction between those reporting and Elections Nova Scotia is required to address quality issues in the reports. Elections Nova Scotia does not have the comprehensive mandate or the resources to undertake a detailed review of all the reports required to be filed.

² S.N.S. 2009, c. 19

³ The Political Contributions Regulations were approved by Order in Council 2010 - 301 on July 27 2010; N.S. Reg. 122/2010

This annual report highlights the support provided by Elections Nova Scotia to official agents of candidates and recognized parties and the financial support available to electoral district associations to assist them in record keeping and in meeting their reporting obligations. The report reproduces the disclosure statements as originally filed (or as originally filed and subsequently amended) by the official agents of recognized parties, electoral district associations and candidates and identifies areas where the legislative regime continues to present significant challenges.

There are no prescribed standards for the quality of the information disclosed and, aside from the deregistration process applicable to recognized parties and electoral district associations under the *Elections Act*⁴, there are no direct or effective consequences under MPEDA for failure to fully comply within the time limits prescribed for filing reports.

The fragmentation and gaps in the electoral finance legislation were a matter of consideration in the legislative review conducted by Elections Nova Scotia as mandated by Resolution No. 645, passed by the House of Assembly October 2009.

2. Elections Nova Scotia Review Process

2.1 Political Contributions Rules

The *Members and Public Employees Disclosure Act* (MPEDA), the *Political Contributions Regulations*, the *Elections Act* and the *Income Tax Act* and the *Deduction Regulations* made under the *Income Tax Act* establish the rules under which a recognized party, electoral district association and a candidate can accept political contributions, make or take out loans, and issue tax receipts. The legislation also mandates reporting forms (*Political Contributions Regulations*) or provides the Chief Electoral Officer with the authority to prescribe forms (*Elections Act*). The legislation establishes deadlines by which reports are to be filed.

The eligibility rules for making political contributions changed in Nova Scotia effective January 1, 2010. As of that date contributions to recognized parties, electoral district associations and candidates by corporations, partnerships and trade unions are prohibited leaving only individuals resident in Nova Scotia eligible to make political contributions. The annual contribution limit of \$5,000 remain unchanged.

2.2 Contribution Limit and Eligibility Review

Under subsection 14B(2) of MPEDA the contribution limit of \$5,000 applies to all contributions by an individual resident in Nova Scotia made to a recognized party, its electoral district associations and its candidates in a calendar year. Compliance with the contribution limit can be problematic for a recognized party, electoral district association or candidate endorsed by that party since each associated entity can accept contributions independently and none appear to track contributions cumulatively in real time.

Elections Nova Scotia conducted a compliance review of the contribution limit. The review consolidated all political contributions disclosure statements for each recognized party, its electoral district associations and its candidates in the Glace Bay and Yarmouth By-elections held on June 22, 2010 and in the Cumberland South By-election held on October 26, 2010 on a contributor basis. There were no instances identified where a contributor exceeded their \$5,000 contribution limit.

2.2.1 Recognized Parties

Elections Nova Scotia reviewed contributor eligibility respecting political contributions disclosure statements filed by each recognized party for the reporting period. Eligible contributors during the 2010 reporting year were limited to individuals resident in Nova Scotia. No ineligible contributors or over contributions were found during the review. A number of contributors listed in the statements were identified by postal addresses rather than civic addresses. This has been brought to the attention of the recognized parties to improve compliance in future statements.

2.2.2 Electoral District Associations

Elections Nova Scotia reviewed contributor eligibility respecting political contributions disclosure statements filed by each electoral district association. Either the official agent of the electoral district association or the official agent of the recognized party that endorsed the electoral district association addressed all queries made by Elections Nova Scotia. Amended disclosure statements were filed where appropriate. In one case the official agent of an electoral district association identified that businesses had participated in a fundraising event early in the year prior to the electoral district association appreciating the change in the law permitting only individuals to make contributions. Once the electoral district association self-identified this error, it advised its party and Elections Nova Scotia and returned all improper contributions to the contributing businesses. The published disclosure statement filed by the electoral district association does not include the contributions returned because the association accounted for these funds in accounts payable in their annual reporting.

2.2.3 Candidates

Elections Nova Scotia reviewed contributor eligibility respecting political contributions disclosure statements filed by the official agent of each candidate for the Glace Bay and Yarmouth by-elections, June 22, 2010 and for the Cumberland South by-election held on October 26, 2010.

In the June 22, 2010 by-elections, five candidates stood for election in Glace Bay and six in Yarmouth and all filed disclosure statements. In the Cumberland South by-election there were three candidates all of whom filed a disclosure statement. Refer to Section 5 for the details relating to these disclosure statements.

All disclosure statements published in this report are "as filed" by the official agent.

3. Recognized Parties

Annually, by April 30, the official agent of each recognized party is required to file a disclosure statement detailing political contributions received by the official agent during the previous calendar year. This statement discloses the name and full residential address of each contributor whose contributions received by the official agent during the calendar year exceeded \$50 and the total amount of contributions by that contributor. Filing is with the designated person (Chief Electoral Officer) under Section 14 of the *Members and Public Employees Disclosure Act* (MPEDA) and in accordance with the *Political Contributions Regulations* made under MPEDA.

For the 2010 reporting period, January 1, 2010 to December 31, 2010, there were five recognized parties in Nova Scotia, namely, the Green Party of Nova Scotia (GPNS), the Nova Scotia Liberal Party (NSLP), the Nova Scotia New Democratic Party (NSNDP), The Atlantica Party Association of Nova Scotia⁵ (Atlantica Party) and The Progressive Conservative Association of Nova Scotia (PC). All five recognized parties filed their statutory reports, however not all reports were filed on or before the prescribed deadline. The legislative references that establish each filing requirement for recognized parties are set out in Appendix A. The specific filing responsibilities of recognized parties and the date on which each recognized party report was filed are set out in Appendix B.

Recognized parties are also required to file a summary of tax receipts, Form 605, Recognized Party's Annual Statement of Contributions for Which Official Tax Receipts Issued. It is worthy of note that the total amount for which tax receipts are issued does not necessarily correspond exactly with the total disclosed contributions reflected in this publication. There are three reasons to explain this discrepancy. Firstly, only certain contributions qualify the contributor for a tax receipt. Secondly, a tax receipt may or may not be issued for a qualifying contribution. Lastly, disclosure is only required if the contributions by any single contributor exceed \$50 in a calendar year.

⁵ The Atlantica Party Association of Nova Scotia was registered on March 8, 2010. Its first reporting year respecting political contributions is 2010

The Green Party of Nova Scotia registered one electoral district association in 2010. The Atlantica Party Association of Nova Scotia did not register any electoral district in 2010. The legislative references that establish each filing requirement for electoral district associations are set out in Appendix A.

An electoral district association, with the endorsement of the leader of the recognized party, must register in the prescribed form with the Chief Electoral Officer. The information contained in this registration must be confirmed annually under Section 177C of the *Elections Act*. Of the 157 registered electoral district associations, 157 confirmed their registrations with the Chief Electoral Officer by filing the prescribed form, Form 612, Annual Report of Electoral District Association. Of the 157 electoral district associations, 123 (78%) filed Form 612 on or before the March 31, 2011 reporting deadline while 34 filed after the deadline. Appendix C shows the dates on which the official agent of an electoral district association filed Form 612.

All of the 157 registered electoral district associations filed Form 4, Electoral District Association's Financial Statements and Supporting Schedules (includes the political contributions disclosure statement) for the 2010 reporting year. Of the 157 registered electoral district associations that filed Form 4, 125 (80%) filed on or before the March 31, 2011 reporting deadline while 32 filed after the deadline. Appendix C shows the dates on which the official agent of an electoral district association filed Form 4. Many electoral district associations did not complete the forms in full and did not sign the forms appropriately; for example a treasurer may have signed where the official agent was required to sign. This is troublesome for Elections Nova Scotia as the official agent is the person required by law to complete the annual filings and sign the declarations. Electoral district associations often do not pay sufficient attention to such requirements.

Elections Nova Scotia reviewed all disclosure statements filed by official agents of electoral district associations and identified three instances of contributions that appeared to be accepted by the official agent in contravention of the contribution eligibility criteria under MPEDA. As a result of its review Elections Nova Scotia contacted the official agents involved. These official agents provided more information on the contributors, specifically the residential address and community of the contributors. The contributors were eligible to contribute so no further action was required.

During the course of the review of electoral district association disclosure statements Elections Nova Scotia identified several issues of concern. There were instances where an electoral district association had contributions in excess of \$5,000 yet did not file an audit report triggered by subsection 23(3) of the *Political Contributions Regulations* when total contributions in a calendar year exceed \$5,000. Another problem identified in several electoral district disclosure statements was that an electoral district association sought and received approval to have their endorsing recognized party issue tax receipts on their behalf for contributions derived through fundraising events, yet did not include those contributions as part of their annual disclosure. Elections Nova Scotia conducts detailed reviews of disclosure statements when issues are uncovered during its preliminary review. Official agents of electoral district associations are generally very cooperative in addressing problems and identified by Elections Nova Scotia and appreciative of the guidance provided.

The *Tariff of Fees and Expenses*⁶ made under the *Elections Act* provides an annual allowance of up to \$350 toward the cost of bookkeeping services, including pre-approved accounting software, incurred by an electoral district association. Of the 157 electoral district associations registered in 2010, only 35 (22%) presented claims for this annual allowance and received reimbursement by the date of publication of this report.

All electoral district associations would benefit from this financial support, particularly those who are challenged by the reporting requirements or failed to file their reports on a timely basis. Accounting errors were found in many of the electoral district association reports, such as differences in the 2009 closing bank balance or surplus from the 2010 opening balances and/or surplus. Identification of these reporting deficiencies combined with the lack of timeliness of report filing indicates that the political contributions regime continues to present significant challenges for some electoral district associations. Elections Nova Scotia will renew its efforts to ensure that electoral district associations and their recognized parties are aware of the financial assistance available.

⁶ The Tariff of Fees and Expenses was approved by Order in Council 2008-453 on September 3, 2008; N.S. Reg. 368/2008

5. Candidates

The official agent of a candidate is required to file a statement of political contributions disclosing the name and residential address of each contributor whose contributions received by such official agent during the calendar year exceeded \$50 in total. Filing is with the "designated person" (Chief Electoral Officer) pursuant to Section 14 of the *Members and Public Employees Disclosure Act* (MPEDA) and is due at the same time the official agent files their reports of election expenses and report reconciling tax receipts which are received by the official agent of each candidate at the time the candidate is officially nominated. The Reconciliation of Tax Receipts (Candidate) reconciles the total tax receipts received against those issued, cancelled or returned as unused. The legislative references that establish the filing requirements for candidates respecting disclosure statements, tax receipts and audit requirements are set out in Appendix A.

During the reporting period after the writs of election for by-elections were issued, Official Agent Workshops were conducted by Elections Nova Scotia in each electoral district in which a by-election was held. The workshops were designed to provide the official agents of candidates with the information and tools to comply with the legislative requirements for which they were responsible. In addition to the workshops Elections Nova Scotia provided advisory telephone support to official agents during the by-elections.

On June 22, 2010 a by-election was held in the electoral district of Glace Bay. There were five candidates in that by-election. Official agents representing the five candidates all filed disclosure statements with the Chief Electoral Officer. Of the five official agents who filed Form 2, two filed on or before the August 31, 2010 reporting deadline, while three were late filing. One report was still incomplete at the time of publication of this report. The dates on which disclosure statements were filed by the official agent are shown in Appendix D Table D-1.

On June 22, 2010 a by-election was also held in the electoral district of Yarmouth. There were six candidates in that by-election. Official agents representing the six candidates all filed disclosure statements with the Chief Electoral Officer. Of the six official agents who filed Form 2, three filed on or before the August 31, 2010 reporting deadline, while three filed after. One report was still incomplete at the time of publication of this report. The dates on which disclosure statements were filed by the official agent are shown in Appendix D table D-2.

On October 26, 2010 a third by-election in the 2010 calendar year was held in the electoral district of Cumberland South. There were three candidates in that by-election. Official agents

representing the three candidates all filed disclosure statements with the Chief Electoral Officer. Of the three official agents who filed Form 2, all filed late, after the January 4, 2011 reporting deadline. The dates on which disclosure statements were filed by the official agent are shown in Appendix D Table D-3.

Subsection 14F(1) of MPEDA requires the official agent of a candidate to provide a written loan agreement respecting all loans for their candidate's campaign. Loan agreements must be filed at the same time as the official agent files their disclosure statement of political contributions to their candidate. Subsection 14F(2) of MPEDA requires the official agent to report the outstanding balance on a loan and any changes to the loan agreement in subsequent years. The Chief Electoral Officer published Elections Nova Scotia Circular #10-01, Candidate Loans, to assist official agents in meeting their loan reporting requirements under MPEDA. The circular is included as Appendix E.

The reported status of all loans still appearing as outstanding from the June 2009 general election, the Antigonish, Inverness, Glace Bay, Yarmouth and Cumberland South by-elections are recorded in Tables 5-1 to 5-4. The official agent is required to report annually by December 31 the balance of any loan outstanding and file a report when the loan is paid off. Elections Nova Scotia attempted to contact all official agents listed on these tables prior to publication of this report to verify the status of the loans, however, this was not met with great success. Elections Nova Scotia will take two actions to address this situation. Firstly, it will review its own internal procedures for filing and tracking loan agreements. Secondly, Elections Nova Scotia will assess how best to assist official agents in complying with loan filing and status updating requirements in the future. There are legal consequences that must be addressed when loans remain unpaid six months after becoming due or when payment is made on a loan by someone other than the candidate to whom the loan was made. Official agents who reported that loans had been paid off in 2010 are indicated with an asterisk.

Elections Nova Scotia Circular 10-01 Candidate Loans

Appendix E

Elections Nova Scotia Circular #09-01 Candidate Loans

The *Members and Public Employees Disclosure Act* (MPEDA) establishes rules respecting loans. These rules fall into four areas:

- 1 Maximum Term of a Loan
- 2 Contributions Arising from Loans
- 3 Requirement for Loan Agreement
- 4 Reporting of Loan Balance

This circular provides official agents with important information to assist them in complying with the MPEDA.

1. Maximum Term of a Loan (MPEDA S. 14D)

- A loan cannot be for a term greater than 2 years. This provision does not apply to a loan made by a financial institution, electoral district association or recognized party.

2. Contributions Arising from Loans (MPEDA S. 14E)

- Where a loan is made to a candidate at a rate of interest less than the bank prime rate, the difference between the interest payable at the bank prime rate and the interest paid is a contribution. This provision does not apply to a loan made by a financial institution, electoral district association or recognized party. The bank prime rate is available on the Elections Nova Scotia website.
- Where a payment on a loan to a candidate is made by a person other than the candidate the payment is a contribution. The contribution limit of \$5,000 applies to a candidate.
- Where a payment on a loan to a candidate is wholly or partly unpaid six months after becoming due, the outstanding amount of the payment is a contribution.
- Where a loan results in a contribution, the official agent is required to provide disclosure information (contributor's name, residential or business address and amount of contribution). The disclosure information reported using Form 2, Schedule B-4, Candidate's Annual Statement of Political Contributions - Loan Contributions. See Section 4 of this circular for reporting periods and deadlines for reporting.

3. Requirement for Loan Agreement (MPEDA ss. 14F(1))

- A candidate or the official agent of a candidate shall not accept a loan unless there is a loan agreement in writing setting out the amount of the loan, the term of the loan, the name and address of the lender, the name and address of any guarantor and the details of any assignment of reimbursement made and the loan agreement must be included with the annual disclosure statement (Form 2, Schedule E) that is filed with the candidate's election expense report.

4. Reporting of Loan Balance (MPEDA ss. 14F(2))

- In each subsequent year in which there is a balance outstanding on a loan, a report must be included with the annual disclosure statement stating the outstanding balance and describing any changes to the loan agreement.
- Where the official agent of a candidate files Form 2, Schedule E showing a loan balance of zero at any time during a calendar year (prior to December 31) the official agent will have no further reporting obligations under MPEDA.
- If Form 2, Schedule E has not been filed by the official agent before the end of a calendar year, the official agent must file a complete Form 2 (all schedules) for the year ended December 31. The deadline for filing Form 2, Schedule E is March 31 of the year following the year being reported. This reporting requirement will continue on a calendar year basis until such time as:
 - the annual report shows a loan balance of zero
 - the official agent files Form 2, Schedule E showing a loan balance of zero at any time prior to December 31
