Canada's Democracy Week: September 15-21, 2014

Canada's Democracy Week (September 15–21, 2014) aims to connect Canadians with activities that celebrate our democratic values and traditions in communities across the country.

Inspired by the United Nations' International Day of Democracy, the fourth annual Canada's Democracy Week will encourage Canadians, particularly young Canadians, to learn more about the importance of democracy and voting and to become more involved in the democratic process.

This is the fourth Canada's Democracy Week.
